- **Thursday, April 11th**
- **Topic:** *Is SF Biblical?*
- **Guest:** Dr. Ben Burkholder

Dr. Burkholder will join us and address the topic of Spiritual Formation and how it fits Biblically into the life of the church. We believe not only will Ben offer to each in attendance a greater degree of confidence on this topic but know you will enjoy hearing from his servant's heart.

In addition to obtaining a Masters in Spiritual Formation and Soul Care from Biola University, Ben obtained his Th.M. in New Testament at Biola University in 2009. He obtained his Ph.D. in Systematic Theology from Duquesne University.

- **Thursday, April 25th**
- **Topic:** *Pastor Small Group Discussion based on [GLM Seminar Series: Exploring Human Sexuality: A Three-Part Dialogue](#)*

We would love for our CFR folks to join us at this virtual event, however for those unable to do so we will provide an outline to guide our discussion.

At this three-part virtual seminar series, we will explore questions around the topic of human sexuality. All three events will be recorded for future viewing. The overview of this series is below.

“Conversation concerning human sexuality is in the news, social media, entertainment, the education system, and the political arena. Unfortunately, good conversation about human sexuality is not often found at church, within Christian circles, or even in Christian homes. Yet, **the need for Christians and others to talk about their sexuality with God and others has never been greater.** How can we as spiritual directors, pastors, and lay leaders provide safe places to meet that need? These and more will be the questions explored.”
